

# HOW DONALD TRUMP BROUGHT MISERY TO THE PALESTINIANS

*Posted on April 1, 2024 by Robert Inlakesh*

Robert Inlakesh is a well-known documentary filmmaker, journalist and Middle East expert, who knows Palestine well, especially the endless crimes Israel is committing there.

In 2020, he filmed, *Steal of the Century*, a two-part documentary, which chronicled the devastating effects of Donald Trump's Abraham Accords, a supposed "peace deal," aka, "the deal of the century," in which Israel was given everything it needed to destroy more. The supposed author of the deal, Jared Kushner, simply put down everything that Benjamin Netanyahu dictated.

For various reasons, the documentary was banned from *Youtube*. Given the current, systematic genocide of the Palestinian people by Israel, we thought that it important to allow for this documentary to be seen in its entirety.
